

RAND WORLDWIDE LAUNCHES “DELIVERING ON THE PROMISE OF PLM, PART II” *Web seminar series highlights effective ENOVIA SmarTeam configuration, data management and security*

Mississauga, ON, May 13, 2008 – RAND Worldwide, a global leader in providing technology solutions to organizations with engineering design and information technology requirements, announced today that its Professional Services division is launching a comprehensive ENOVIA SmarTeam Web seminar series.

Delivering on the Promise of PLM, Part II is a sequence of three weekly one-hour sessions that highlight configuration solutions to common issues associated with ENOVA SmarTeam systems and how to effectively manage and secure data. Each weekly presentation is delivered by one of RAND’s highly experienced Professional Services team members discussing a variety of topics:

- June 10, 2008: Part 1—Managing your Data in ENOVIA SmarTeam, presented by **James Carr**
- June 17, 2008: Part 2—Tuning up ENOVIA SmarTeam, presented by **Jay Imerman**
- June 24, 2008: Part 3—Securing your Data in ENOVIA SmarTeam, presented by **James Carr**

Each seminar is followed by a live question and answer discussion, where RAND’s expert speakers are available to a call-in audience.

“This series offers value to all organizations, both small or large, currently using or looking to implement ENOVIA SmarTeam and are seeking ways to ensure effective and secure data management processes are in place from the initial implementation stage,” said Joe Oswald, Executive Vice President, PLM Operations North America and Europe, RAND Worldwide. “Our audience will have access to a wealth of experience from some of the industry’s most knowledgeable PDM experts.”

The online seminar series is formatted specifically for a target audience of ENOVIA SmarTeam management and end users currently utilizing and organizations seeking to implement the solution with CATIA V5. The series combines a presentation format with real world approaches to getting the most out of an ENOVIA SmarTeam integration through discussions surrounding best practices and key tips for effectively working with an ENOVIA SmarTeam integration, including recommended settings and links for CATIA and ENOVIA SmarTeam; configuration solutions to common issues associated with ENOVIA SmarTeam systems; user authorizations/permissions and working with and setting up project security.
